9<sup>th</sup> June 2023

Dear SASA Member

### **SASA / MPS Member Benefit**

We deeply value the strong relationship and partnership we have forged with SASA. It is with great pleasure that we highlight the exclusive benefit available to all SASA Members in good standing: a 10% discount on their MPS subscriptions.

While our partnership officially began in January 2023, we understand the importance of timing when it comes to such an offer. Therefore, we have structured the discount to be applied on each SASA member's annual Membership renewal date with MPS.

This means that if your MPS Membership is due for renewal in July, the discount will be applied at the beginning of your new MPS Membership period, ensuring that you enjoy the full benefit of the saving.

We consider this discount as a testament to our commitment to SASA members and our dedication to protecting the careers, reputations and financial security of our Members.

### **Important Notes:**

- As previously mentioned in the communique sent in January of this year, SASA members need to be in good standing with their SASA membership fees to access this discount.
- A certificate of good standing will be issued to you upon request from the SASA Office. This certificate is valid until 30 June 2023, as SASA's annual fee invoices are issued on 1 July of each year.
- Those members that renew their MPS Membership up to the end of June 2023 will be able to use the SASA membership certificate issued to you for this financial year.
- For those members that will renew their MPS Membership from 1 July 2023, a new certificate that is valid until 30 June 2024 will be issued to you after the payment of this approaching year's annual SASA membership fees. It is important that SASA members have migrated to GlueUp, and have paid their SASA membership fees in order to receive their new certificate.

- We request that SASA members submit the relevant documentation approximately one month prior to their MPS Membership renewal date, to the relevant Relationship Manager (see table below). This will ensure a seamless process without delays.
- For all queries about your MPS Membership, please contact the relevant MPS Relationship Manager.
