

WE NEED YOU!

A Call for SASNACC Committee Nominations

Dear SASA Members

SASA, and the outgoing SASNACC Executive Committee, is calling for members to stand to lead this vital Special Interest Group. SASNACC has made important contributions to the practice of Neuroanaesthesia and Neurocritical Care in South Africa and plays a crucial role in guiding our members.

We call on members with a passion for Neuroanaesthesia and Neurocritical Care to consider nominating yourself or accepting a nomination from a fellow member. Your involvement is essential to the success of SASNACC.

We thank Dr Ramarea (Lappies) Moipolai and the outgoing Committee for their dedicated contribution towards SASNACC.

Please submit your nominations by completing the online form – [click here](#).

We look forward to receiving your nominations and continuing to build a strong and vibrant SASNACC. Please contact the SASA Secretariat should you require any further information. Nominations will close in early in 2024.

Kind regards

Guy Picken

SIGs and Branches Business Unit Convenor on SASA Council
